Residential Service Plumber

Service Plumbers are responsible for troubleshooting, diagnosing, and servicing a variety of residential plumbing issues. Quoting jobs using the proper protocols, upselling

Who We're Looking For

Our ideal Plumber candidate is highly skilled, experienced, and knowledgeable in everything plumbing. You'll bring your excellent customer service and people skills to every job and maintain a professional appearance. And, with your strong communication skills, you will educate customers and recommend, as needed, additional services Collins Comfort Masters offers such as HVAC, electrical, and water treatment. Lastly, you're looking for a home that provides consistent, year-round work, that allows you to continue growing and excelling in your career.

What We Offer

- Excellent Pay! Top earners make \$100,000+ a year with us!
- Consistent, year-round work
- Company provided uniforms and laundry service
- Dedicated, on-going training & support
- Paid Time Off and Holiday Pay

- 401k w/ Company match
- Generous benefits package for full time associates including Medical, Dental, Vision, Company-Paid & Voluntary Life Insurance, Disability Insurance, plus more!
- We also offer an Employee Assistance Program covering an array of services available to you 24/7, Legal Services Plan, Identity Theft Protection Plan, and more
- Business casual atmosphere

Essential Duties & Responsibilities

- Diagnose common and diverse plumbing emergencies efficiently and accurately
- Perform plumbing service to our customers with the best practices
- Maintain a clean, safe working area on every job
- Communicate with customers about options to repair the issue and deliver pricing using proper Company protocols
- Document all work performed with before and after pictures
- Maintain proper stock, tools, and safety equipment on a Company issued vehicle
- Maintain a clean service vehicle, inside and out, and check all safety and maintenance requirements daily
- Call Blue Stake before digging

Basic Qualifications/Requirements

- Minimum 2 years residential service and repair, diagnosing, and troubleshooting a normal plumbing system
- Must be available to work nights and weekends for an on-call rotation or as needed
- Good analytical skills and attention to detail
- Computer skills with the ability to use a remote application for invoicing and time sheets
- Strong time management skills and the ability to take initiative
- Must pass pre-employment background check and drug screen
- Must have valid Driver's License and maintain a good driving record

Collins Comfort Masters is an equal opportunity employer and a drug-free workplace.
